

PFAFF RUNNER

step by step to a better world

<https://www.pavegen.com/en/case-studies/the-quayside-0>

Outdoor running or walking track

Energy is generated by stepping on the kinetic plates and instantly used to power lights, load e-scooter, e-bikes and smartphones.

Pfaffquartier *running* as a good example

— — —

- people from all over Lautre will come to the track
- relieve stress while generating energy

Pfaff Runner helps you

living
healthy

saving
energy

doing
sports
